Dear Sir/Madam,

Based on our quality assurance, traceability, and regulatory compliance program, we inform you that we have currently no indications that the flavours listed on the attachment, are related to the subject of illegal contamination with the azo-dyes Sudan I, II, III, and/or IV.

This information is based on the following practices for IFF's facilities and products:

1. IFF does not add or cause to be added any such colorants to its flavourings or their raw materials.
2. For flavour products intended for the European market IFF adheres to the terms of Council Directive 94/36/EC of 30 June 1994 on colors for use in foodstuffs.
3. IFF applies a vendor assurance program that follows the intent of Commission Decision 2005/402/EC of May 23 2005 regarding chili, chili products, curcuma and palm oil<sup>1</sup>.
4. IFF employs a traceability program which identifies the use of ingredients on a lot level in our flavours.
