COVERING ALL RISKS.

CLP ORDER NO. : V01332

IMPORTANT

Any loss or damage must be promptly reported to the nearest office of the Company or the Lloyd's Agent at the port or place where the loss or damage is discovered who will arrange on behalf for survey and will adjust claim in accordance with the terms and conditions of the policy. or other acceptable evidence of insurance. Please also contact us on +44 (0)207 626 0486 or by email to VinmarAXA@micasinc.co.

File preliminary claim immediately in writing against all Carriers, and other parties whose custody the loss or damage may have occurred.

FAILURE TO PRESERVE ALL RIGHTS AGAINST PARTIES RESPONSIBLE FOR LOSS OR DAMAGE WILL PREJUDICE YOUR CLAIM AGAINST THESE INSURERS.

Upon taking a delivery of a shipment which is believed to be damaged or short weight also request immediate survey by Carrier and on receipting note upon the receipt the exact condition of shipment as received. If Carrier will not deliver unless clean receipts given file immediate written protest with the Carrier describing condition of shipment as received and holding Carrier liable for any loss that may be discovered by survey Container and contents should be preserved in condition received until survey completed unless further damage would result.

To facilitate adjustments of loss, promptly collect at least the following documents. Survey report, "Certificate of Condition"(when issued by port or terminal authority or Carrier). copy of written claim upon Carriers and their reply (when available). Carrier written confirmation of any non-delivery, original and duplicate Insurance Certificate, Ocean Bills of Lading, Transshipment Bills of Lading, Air, Rail or other Inland Freight Waybills, Shippers invoice with packing specification or weight note attached and any additional documentation that may be required.

This certificate is not valid unless countersigned by a duly Authorized Representative of the Company

AXA XL Insurance Company UK Limited

CHEMICALS, FUEL PRODUCTS, PLASTICS AND OTHER PACKED INTERESTS, BREAK-BULK OR CONTAINERISED

This insurance covers all risks of direct physical loss of or damage from any external cause.

DEDUCTIBLE: USD 1,000 any one occurrence or series of occurrences arising out of one event.

CHEMICALS AND FUEL PRODUCTS in BULK FORM:

This insurance covers all risks of direct physical loss of or damage from any external cause, further extended to include shortage and/or leakage and/or loss in weight (or volume) and/or contamination howsoever arising.

DEDUCTIBLE: Claims in respect of leakage and/or shortage are payable only in excess of 0.50% of the insured value of the whole shipment, each vessel.

SURVEY REQUIREMENTS FOR LOADING AND DISCHARGE OPERATIONS WILL BE IN ACCORDANCE WITH THE WARRANTIES EXPRESSED IN THE CONTRACT TERMS, CLAUSES AND CONDITIONS.

Notwithstanding the foregoing, in the event the Insured is unable to comply with the aforementioned conditions and/or warranties for any reason or an approved loss control Surveyor does not attend the loading, transshipping point, or discharge where a condition and/or warranty is not complied with, coverage shall remain in full force and effect subject to a deductible of 0.75% or a premium surcharge at 50% of the applicable rate (option to elect either of the aforementioned alternatives shall rest with the Insured).

Where circumstances demand, the findings of Wharfingers and/or Sworn Chemists and/or Customs and/or Shore Installation Superintendents' Certificate(s) at ports of loading and/or discharge shall be accepted as proof of shipped and delivered quantities. However, Insurer hereunder agrees to accept terminal figures of Umm Said and the figures of all terminals which have electric metering as proof of shipped quantities. Where it is standard practice for Bill of Lading figures to be based solely upon ship's figures and/or where a commercial transaction requires Bill of Lading quantities to be based upon ship's figures, Insurers Agree to use the Bill of Lading figures so calculated for comparison with discharge figures and the calculation of claims. Bill of Lading figures (as per original or copy of Bill of Lading) so calculated shall be binding on and acceptable to Insurer as proof of shipped quantities.

Claims for leakage and/or shortage and/or difference in weight (or volume) shall be assessed by a comparison of net shipped and net delivered weights or net shipped and net delivered volumes (as specified in the ultimate Contract of Sale relevant to this insurance) ascertained by the foregoing methods, irrespective of the table used, which shall be binding on and accepted by Insurer and the Insured for all purposes.

Where delivery is into automatically measured land tanks where it is not possible for tank figures to be independently checked by Surveyors, the delivered quantities so ascertained shall be binding on Insurer and the Insured.

Should there be no Contract of Sale, claims shall be calculated on the basis of net weight or net volume in accordance with the customs of the trade.

BELOW APPLICABLE TO ALL SHIPMENTS

Including War Risks subject to the American Institute (AIMU) War Risk only open policy (Cargo) (December 21993) but average payable irrespective of percentage but the limitations in clause 4 therein prevailing.

Notwithstanding any provision whether written, typed or printed in the policy inconsistent therewith, cover includes Strikes Risks subject to the American Institute (AIMU) S.R. & C.C. endorsement (Form No. 10) - CAR-003 (1/93).
