---	----------------------------------

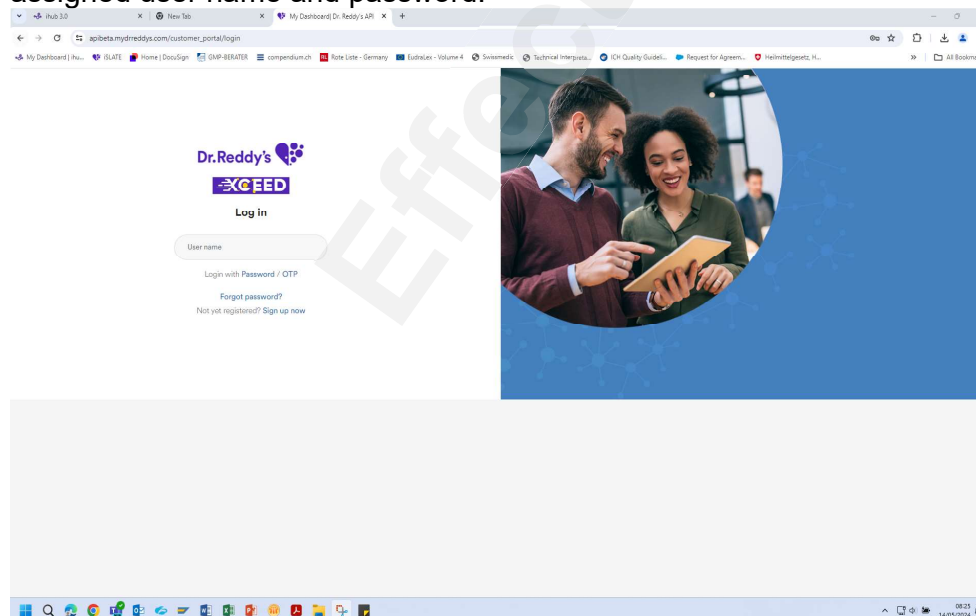

## Dear Customer

You have ordered and received certain products from Dr. Reddy's that require control of transport and storage conditions. Thus, the shipment has been equipped with data loggers to record the temperature conditions in transit. Boxes or containers which contain these devices have been adequately marked.

Please remove the received data loggers and connect them to a computer with an USB port. The generated files may be assessed by an authorized employee of your company regarding occurrence of temperature excursions and shall be uploaded to Dr. Reddy's XCEED website as per the instructions given below.

## Step 1

Log into XCEED ([ULR https://api.drreddys.com/new\\_customer\\_portal/login](https://api.drreddys.com/new_customer_portal/login)) with assigned user name and password.
